Custom Stacked DuraPlaq Pricing: Almost any combination is possible with the DuraPlaqs. To price take the DuraPlaq prices you are wanting to combine and add them together. For example if you want a 8x10" DuraPlaq mounted on top of an 12x14" to give a matted illusion just add the price of the 8x10" and the 12x14" and that will be the total price.

Aluminum and Plexi DuraPlaq hanging system can be made of either 3/4" mdf (like the Float DuraPlaq) or keyholes can be made.

Laser inscription can be inserted on any DuraPlaq and many other substrates. Base pricing is \$2.50 a square inch.

Custom Shapes are a special order, please contact for pricing.
